

LIEUTENANT PEARY FAILED TO REACH THE NORTH POLE.

Tells How He Battled With the Ice and Was Forced to Return.

SIDNEY, N. S., Sept. 18.—The Peary Arctic Club steamer Windward, Captain S. W. Bartlett, arrived here this morning from Cape Sabine. All on board are well.

Lieutenant Peary said:

"The Arctic expedition did not reach the North Pole but we made most important discoveries. We are all well and glad to get back to civilization."

Lieutenant Peary sent the following report of the expedition since August 9, 1901:

DEATH OF ESKIMOS.

"Left Erik Harbor on the Elmsmere coast, August 20th. The party reached Payer Harbor September 17th, crossing Roosevelt Bay partly by sledge and partly by boat then walking across Bedford Pim. About a week later, my Eskimos began to fall sick, not one escaping."

By November 9th, six adults and one child were dead, nearly all the others were very weak, but out of danger.

MARCH ACROSS ICE.

"Early in January Eskimos came across from Anvelak, bringing news of the ravage of a fatal epidemic through the tribe."

"Word was sent back by these scouts for as many of the survivors as could come to me, and by the end of the month they began arriving."

"In February a large depot of food was established near Cape Louis Napoleon, sixty miles north of Sabine."

"On March 3rd, my advance party of six sledges in charge of Hensen left for Gangor, and on March 5th I started with the main party of eighteen sledges leaving Peary in charge at Payer Harbor."

"Gangor was reached in twelve marches, arriving within an hour or two of the advance party."

"My supporting party of Eskimos returning from Gangor brought down the instruments, chronometers and Arctic library."

"Eight marches more took us to Cape Hecla."

"The north end of Robinson Channel was all open across to the Greenland coast, lakes of water extending northward as far as could be seen from Black Cape and Cape Ransome."

"From Hecla another supporting party returned."

A PERILOUS MARCH.

"April 1st I started northward over the Polar sea with Hensen, four Eskimos and six sledges."

"Old fogs covered deep with snow and intersected with rubble ridges and lanes of young ice, were encountered from the moment we left the ice floe."

"The same kind of traveling except the lanes of ice, as found by the English expedition of 1876. After six marches open leads, fogs in motion were encountered. The natives were sent back. As we advanced the fogs became smaller, the pressure ridges on a grander scale and the open leads more frequent."

"Each day's march was more perilous and our general course deflected west by the character of the ice."

GAVE UP THE MARCH.

"Finally at \$4.17 north latitude, north-west of Hecla, the Polar pack became impracticable and further efforts to advance were given up."

"New leads and pressure ridges with foggy weather made our return in some respects more trying than the advance."

"Hecla was regained April 29, and Gangor May 3. Leaving Gangor May 6, Cape Sabine was reached on the 15th."

"A few days later went north as far as Cape Louis Napoleon to complete the survey of Bobbit Bay, returning the first of June."

"My proposed trip across Ellsmere Land westward was prevented by open water in Buchanan Bay."

"The ice broke up earlier than in 1901, and Erik Harbor was blockaded almost continually."

BORED THROUGH ICE.

"The Windward bored her way through the ice and entered the harbor the morning of August 15, and got out again the same afternoon with scarcely fifteen minutes to spare before the harbor was closed by the ice."

"Forcing our way across Smith Sound my Eskimos, with their belongings, were landed in Ughasak Gulf."

"Several days were devoted to hunting walrus, then the Windward started southward, reaching and leaving Cape York the afternoon of August 28."

FOOD WAS ABUNDANT.

"Calling at Godthoun, Greenland, and Cape Haven, Barfin Land, the Windward arrived at Chateau Bay, Labrador, September 14, and sent dispatches."

"The summer voyage has been without mishap, and the Windward with her engines has made as good time as the larger and more powerful ships that have been going north the last ten years."

"The year in Payer Harbor was passed comfortably though an anxious strain caused by the ravages of disease among my faithful people was not light."

"Food was abundant and our supply of musk ox and deer meat continued throughout the year."

"The northern sledge trip in the spring was arduous but not marked by special exposure, suffering or danger more than is necessarily incidental to serious Arctic work."

Members of His Party Died But He Forced His Way to the Limit.

"The summer voyage has been without mishap, and the Windward with her engines has made as good time as the larger and more powerful ships that have been going north the last ten years."

"The year in Payer Harbor was passed comfortably though an anxious strain caused by the ravages of disease among my faithful people was not light."

"Food was abundant and our supply of musk ox and deer meat continued throughout the year."

BIG CABLE FOR SAN FRANCISCO.

It Is Now on Board the Steamer and Will Soon Be Here.

LONDON, Sept. 18.—The submarine telegraph cable which is to join the United States and Hawaii, as the first link in the system to the Philippines has been completed and is now lying in the Thames preparatory to sailing in September 20 for San Francisco, whence the vessel will begin laying the cable to Honolulu.

The Silvertown is expected to reach San Francisco early in December. The cable is wound around three enormous spools.

Its total length is about 2413 miles. The strands are one to three inches thick.

The total weight of the cable is 10,000 tons.

Vice-President George C. Ward, of the Commercial Pacific Cable Company who sails for New York on the steamer Celtic tomorrow said to a representative of the Associated Press:

"The shipment of the cable gives assurance that the United States may look forward to being in telegraphic touch with Honolulu by the end of this year. The manufacture of the three remaining sections to the Philippines is progressing at the rate of fifty miles a day, and I am confident they will be finished by March and laid during next summer. Two cable steamers, the Columbia and the Anglia will lay the lines beyond Hawaii. I would like to see the entire project consummated by next Fourth of July."

Pending the arrival of the Silvertown, work will be pushed on the underground cables at San Francisco and Honolulu, each seven miles long. It will take the Silvertown two weeks to unwind her spools between San Francisco and Honolulu. The service will begin immediately thereafter.

SENATOR IS ON ROAD TO RECOVERY.

Physicians and Relatives Very Much Encouraged By Change.

LOS ANGELES, Sept. 18.—For the first time since his critical illness began on Monday last, United States Senator Thomas R. Bard, today showed such marked improvement that his family and physicians have bright hopes for his recovery.

The first morning bulletin issued, gave the patient's temperature as 98.6, but a few degrees below normal, and a heart movement of 100, a decrease of 26 beats since midnight.

The relief of the fearful strain on the heart occasioned by the rapid valvular action, is the most hopeful sign that the Senator may recover.

If this favorable change can be maintained, coupled with a further reduction of the pulse and greater regularity, the patient, in the opinion of Dr. Targert, will have passed the most serious stage of his illness.

During the night the Senator enjoyed several hours of refreshing sleep without the aid of opiates and awoke this morning much rested. The element in his illness that has aided the ministrations of the physicians most has been his continued cheerfulness and bravery and the mental condition argues well for a favorable outcome.

Mrs. Bard and the members of the family remained within call throughout the night, but the former's watching ceased when Senator Bard's eyes closed in the sleep that brought about such a radical change.

CHINA SAID TO BE ON VERGE OF ANOTHER BOXER UPRISING.

Missions Are Burned and Christians Are Butchered—Minister Conger Demands That Protection Be Given to the Missionaries.

WASHINGTON, Sept. 18.—China is on the verge of another Boxer uprising which may equal that of 1900, according to mail advices received at the State Department from Minister Conger dated last month.

The troubles appear to arise principally from extortionate taxation, combined with resentment against the presence of missionaries, thus justifying the judgment of the Department of State, which pointed out to the powers that the demand for excessive indemnities would result in serious internal troubles in China.

Mr. Conger's first advice bears date of August 6 from Peking, and he reports serious anti-foreign riots near Chentu, in the province of Sze Chuen, in which a number of native Christians had been massacred and chapels destroyed.

CONGRER ACTS PROMPTLY.

Mr. Conger appears to have acted with energy upon telegraphic complaints from Dr. Canright, an American medical missionary at Chentu, not only addressing the Chinese foreign office by letter, but calling there in person to impress upon the officials the importance of immediate and effective action and finally succeeding in causing the removal of the local Chinese officials who had failed to repress the riots and preserve life and property.

Mr. Conger includes in his reports, the communications that passed between himself, Dr. Canright and the foreign office. Under date of June 20, from Chentu, Dr. Canright telegraphed:

"Sze Chuen repeating (troubles of) 1900. Churches (have been) multiplied (for) four months; officials taxed."

Mr. Conger immediately telegraphed Dr. Canright to demand adequate protection for missionaries and the native Christians from the local officials. He also addressed a note to Prince Ching at the Foreign Office, stating that there were several American missionaries and many chapels and converts in Sze Chuen, and that it was necessary that immediate provision be taken to stamp out these troubles at their very inception.

ATTACK ON CHURCH.

In his answer Prince Ching enclosed a copy of the following official edict:

"Some time ago a number of local outlaws were banded together in the district of Tze Yang and made trouble, whereupon I dispatched troops to disperse them. The leading criminal, Li Kang Church, and others were arrested and executed, but now the magistrate at the place, Me Cheng Chi, reports that at the Teh Ku Chih in his district outlaws over a thousand strong suddenly made a night attack and destroyed a church which the British and American Society had built."

The preacher, Chau Cheng Wei, and four church members were killed. They also burned some houses and killed three deputed besides an official with the rank of taotai to proceed with troops and attend to the matter.

After the outlaws.

"We command Kwei Chun to strictly order the troops to disperse the rebels and their followers, to seize the ring-leaders and to punish them according to the rigor of the law and so nip the rebellion in the bud."

"We feel a great pity for the missionary or preacher and others who for no fault of theirs have lost their lives, and command that adequate relief may be at once given."

"As for Ma Cheng Chi, the magistrate of Tze Yang, who it is said has not long been in the office, because he was remiss in taking precautionary measures, we demand that he be removed from office and that he be given a limited time in which to capture the criminals. As there may be outlaws in other places who arouse the suspicions of the people, spread rumors and make trouble, the local authorities should be sternly instructed to make careful search and put a stop to all such things; to take special precautions so as to get rid of bad characters and to encourage the law-abiding people."

ROBBERY AND MURDER.

Mr. Conger again had occasion to address the Foreign Office on July 30, informing him that Dr. Canright had reported that robberies and massacres were occurring daily; that all were in great danger and that he had demanded protection in vain. The Minister urged the Foreign Office to take more effective measures "in order to avoid the fearful responsibility of a further loss of life and property."

The Foreign Office replied that several edicts had been issued directing the Viceroy to suppress the troubles. It had received a telegram from that official stating that the rebel Hsueh Chen Le of Jen had made his appearance suddenly at the head of a mob and burned a chapel, some thirty or forty houses early in the month and also killed a Christian."

AFTER THE HEAD OF THE LEADER.

They also committed other outrages, whereupon the Viceroy dispatched troops to the scene who killed some twenty or more people.

The leader of the riot was also captured and orders were given to have him beheaded and his head exposed.

The rebels at other points were also attacked by the Government troops and routed.

Three or four hundred of them were killed.

The Judge of the province reported that there was no need for the missionaries to seek temporary refuge.

Onondaga Dynamite Company of this city, which failed last week. President D. A. Bonta said:

"It is impossible for me to make a statement to the public at this time. The bank has experienced large and unexpected losses; but the action of Superintendent Kilburne is a surprise to me."

The examiner expects to be able to have another bank take up the business rather than put the bank in a receiver's hands.

The statement of the bank showed resources \$76,761; liabilities, \$820,623 with a surplus of \$20,000 and undivided profits of \$36,000. The capital is \$100,000. The bank was founded in 1852.

WASHINGTON, Sept. 18.—A new forest fire is reported in the official telegraphic advices to the Interior Department today to be raging in the section of Idaho just west of the Yellowstone National Park, and about fifteen miles north of St. Anthony, Idaho.

A telegraphic report today from Forest Supervisor Henry Michaelson, dated Kenosha, Range, Colo., announces an abatement of the fire in that region. His jurisdiction includes the Pike's Peak, South Platte and Plum Creek reserves, which, he says, are now clear, and he can serve in any section where fire fighting is needed. He telegraphs:

"Fire well under control. Am preparing to disband and break up the camp."

The Register and Receiver of the Land Office at Olympia, Washington, telegraphed today that, so far as they can learn, there is no danger to the timber on the public lands in the vicinity of Buckler and Emmelaw and that the fires in that section are practically under control.

FOOTPADS CHASE A STUDENT.

Highwayman Still Rule at Night in the College Town.

BERKELEY, Sept. 18.—William Servy, a young student of Mark Hopkins Institute of Art, was chased for about two blocks late last night by two men supposed to be footpads.

Young Servy was returning from Oakland about half past eleven o'clock last night. He left the Telegraph avenue car at Wood street, and walked down Wood to Fulton.

Lurking in the shadows at the corner there he noticed two men.

Servy was held up and robbed in this neighborhood only about a week ago, and naturally was very suspicious of their intentions. On seeing them he started to run, with the two men in pursuit. Servy outdistanced them and reached his home in safety.

The town authorities are inclined to believe that practical jokers are at work and that the people are being hoaxed. It is thought that Servy was pursued and the men were footpads.

WILLIAMS' CASE AGAIN GOES OVER.

Fred Marriott Is Not Yet Able to Appear in Court.

SAN FRANCISCO, Sept. 18.—The hearing of the charges of assault to murder preferred against Truxton Beale and Thomas Williams Jr., for their alleged assault on Fred Marriott, was this morning set over for one week by Judge Canby.

Attorney Shortridge, who appeared for Marriott, stated that it would be impossible for the injured man to appear in court during the coming week he would be in the hospital, and that some time during the coming week he would be able to appear in court.

With this understanding the case went over until a week from today, when a complaint will be filed and the pleadings of the two men answered.

After that an adjournment will be had until such time as the complaint is able to appear in court.

Czar toasted his guest. He said he was glad to be able to personally congratulate the Shah on his birthday, and concluded as follows:

"I drink to the health of your Majesty and to the glory of your reign, to the prosperity of Persia, and to the development of her relations and friendship with Russia."

The Shah replied:

"I take this God-given opportunity to thank your Majesty for the kind sentiments and kind, sympathetic and pleasant welcome which I have received in your empire. In the hope that the ties uniting the two countries, already so firm, will be drawn still closer than they have been in the past, I drink to the health of your Majesty, your Majesties, the Empress and your august families, to the happiness, glory and long duration of your reign and to the prosperity of your States."

PRINCE SINGH HAS GONE BROKE.

LONDON, Sept. 18.—At a meeting of the creditors of Prince Victor Dulep Singh, who was declared bankrupt September 1, the chairman said the Prince's debts amounted to \$471,800, of which \$200,000 was secured. The debts were attributed to stock exchange speculation and gambling. Among the assets is a claim for \$30,000 against the Indian government with respect to the estate of the bankrupt's father. The Prince ascribes his bankruptcy to the "ridiculous insufficiency of his allowance of the Indian government."

To maintain his position the Prince received \$5,000 yearly and his wife received \$10,000.

PLANS FOR BUILDING THE SHAMROCK III.

LONDON, Sept. 18.—Concerning the dispatches of the Associated Press on the subject, the Yachting World today says:

"All the plans for building the Shamrock III. are in a forward state and it is certain that she will be ready for launching much earlier than either of Sir Thomas Lipton's previous challengers. The mill steel for the plating will be specially manufactured with the view of securing minimum weight and maximum strength and reliability. Although she will not be nearly such a costly vessel as her predecessors, no expense will be spared which will in any way increase her chances of success."

NEW YORK BANK CLOSES DOORS.

DYNAMO COMPANY FAILED AND CRIPPLED THE INSTITUTION.

SYRACUSE, N. Y., Sept. 18.—Chief Bank Examiner George S. Leonard today, under directions from Superintendent of Banks Kilburne, took charge of the New York State Banking Company and closed its doors. The bank is in trouble owing to notes of the

Onondaga Dynamite Company of this city, which failed last week. President D. A. Bonta said:

"It is impossible for me to make a statement to the public at this time. The bank has experienced large and unexpected losses; but the action of Superintendent Kilburne is a surprise to me."

The examiner expects to be able to have another bank take up the business rather than put the bank in a receiver's hands.

The statement of the bank showed resources \$76,761; liabilities, \$820,623 with a surplus of \$20,000 and undivided profits of \$36,000. The capital is \$100,000. The bank was founded in 1852.

EARTHQUAKE THIS MORNING FELT ON BOTH SIDES OF BAY.

SAN FRANCISCO, Sept. 18.—San Francisco has been visited before by many sharp shocks, but one of the sharpest that the city has ever experienced came this morning at a little before 4 o'clock.

The tremor rattled windows, shook furniture, made dreamers think they were at sea, and caused them to leap from their beds, grope for gas fixtures and await with trembling anxiety for the next shock.

Strange to say, this visitor came alone. There was no attendant earthquake. The custom of these dreaded tremors is to be followed by others—generally there are three shocks.

The shock this morning was different to others. There seemed no preparation, but a sudden upheaval, as if the pent-up gases had suddenly found an outlet by blowing out a big hole for the fumes to escape.

A few more shocks like the one this morning and the foundations of the stoutest building would begin to quaver.

MADE ALL TALK.

The shock was the common topic of conversation this morning. The opinion was universal that it was one of the heaviest shocks of earthquake that has been felt here in years. There have been quakes which have covered a greater length of time, but this morning's was certainly made up in force what it lacked in duration.

It was just 3:51 o'clock a. m., according to official reports, that the earthquake occurred. It was preceded by a loud rumbling sound, resembling that of a distant explosion.

Then came the shock, swinging the earth from north to south, followed by the usual trembling feeling of several seconds duration.

Strange to say, no damage has been reported as the result of the tremor. In only every part of the city elicited the information that not a particle of loss resulted.

Many of the hotels, especially those of the sky-scraping order, considerable alarm was felt, but order was restored without difficulty.

SCIENTIFIC EXPLANATION.

Professor Alexander G. McAdie of the United States Weather Bureau, who was asked as to how this morning's earthquake compared with former visitations, said that there was no method of determining such a thing.

"The shock this morning," he explained, "was of a severe nature. There were about four or five waves running from north to south, and while severe, did not rapidly. In fact, the waves were so rapid that they seemed to merge into one, which accounts for the severity of the shock as well as the shortness of the time it lasted."

Professor McAdie stated that the observation on Mount Tamalpais reported having felt the earthquake, but he had received no further official information as to how much further the effects were felt.

A dispatch from San Rafael received today says:

"This morning about 3:50 o'clock this city was visited by quite a heavy shock of earthquake. The vibrations seemed from northwest to southeast."

The shock was felt very distinctly in Oakland, but no damage is reported.

GLAD HAND OF THE SHAH.

KURSK, Russia, Sept. 18.—At the State banquet given yesterday evening in honor of the Shah of Persia, the

OAKLAND BANK TELLER IS MYSTERIOUSLY LOST AT SEA.

George M. Brown of the Savings Bank Falls Into the Water.

SAN PEDRO, Cal., Sept. 18.—Captain Green of the steamer Del Norte, which has arrived in this port from San Francisco, with a cargo of lumber, reports the loss of one of his passengers, George M. Brown of 2043 Francisco street, Berkeley.

Brown was a young man about 23 years of age. The accident occurred on Monday night, when the Del Norte was about fifty miles from this port.

About 10 o'clock the missing man went on the upper deck and the mate spoke to him.

He complained of feeling ill and the mate advised him to go to bed.

This was the last seen of Brown.

His hat was found on the lower deck and it is the opinion of Captain Green

that while he was leaning against the rail he lost his balance, fell overboard and was drowned.

Young Brown was well known in Oakland. He was the teller in the State Savings Bank on Tenth street and was very popular in business circles. He had a host of friends in Alameda county. At the bank the officials say the young man was straight in his accounts and that there was no reason why he should take his life.

Speaking on the subject this afternoon, Colonel J. C. McMullen, president of the State Savings Bank, with which Brown was connected, said:

"This is one of the most painful tragedies I have ever heard of. I have heard

that his hat was found on the vessel, but that Brown is missing. He must have fallen overboard by accident. If he has committed suicide, then there is not a man whom I know in Oakland who could not be expected to do the same thing. There was no reason why he should commit suicide. He was an only son and his father had \$30,000 which he was to leave him. He had \$1,000 of his own in bank and I hear was engaged to be married, but I don't know as to that. He did not drink and was happy in going on his vacation. His father has just retired after thirty years' service in the Mint. Brown was our paying and receiving teller. His accounts were all right, he had our confidence and in January next was to have received an increase in his wages."

REV. ABBOTT IS ROOSEVELT'S GUEST.

OYSTER BAY, L. I., Sept. 18.—Rev. Lyman Abbott of New York and President Jenkins were President Roosevelt's guests at luncheon today.

The President will leave here tomorrow on his Western trip accompanied by Secretary Cortelyou, Assistant Secretary Loeb and the White House stenographers and messengers. Mr. Roosevelt will go as far as New York with him.

BERKELEY and STATE UNIVERSITY

An Enthusiastic Rally—Women Students Plan High School Students Marks Opening of Garden Fete For Tomorrow. Form Nucleus For Campaign.

BRANCH OFFICE, 2121 STANFORD PLAGE

TELEPHONE MASON 1761

BERKELEY, Sept. 18.—The Republican campaign was opened last night at a "workers" rally held in the Odd Fellows' Hall under the auspices of the local Republican club. Speeches were made by candidates for county and township officers, and arrangements made for a grand parade to be held on next Saturday evening in Shattuck Hall under the auspices of the State Central Committee. The chief speaker at this time will be E. Myron Wolf.

E. J. Martin presided over last night's rally introduced as the first speaker, the candidate for County Attorney, John Allen. Mr. Allen said in part: "The coming campaign will be an important one in the history of the State, because it is the first time from a State to a national campaign. In the State election we must see to it, that we do nothing to injure the party in the struggle for the control of the national government. Whenever we throw away an office, however trivial it may be, we have detracted from the strength of the party organization. Organization is a necessary factor of success in both national, State and county politics. We should look to it that we reserve for the party its full strength. In the next county fight, we have something of a new proposition. It will be a three-cornered fight. We of the Republican party should see to it that whenever we have a nominee, he shall receive the full party support. High honor has been conferred upon this county through the nomination of Dr. George C. Pardee for the Governorship of the State. The county should vote equal to that rolled up for McKinley should be cast for Dr. Pardee and the Republican ticket in next November.

"Political conditions have a large influence on the party. This can be seen by comparing the administrations of the parties. We find the two extremes. In the one the highest degree of prosperity, in the other the most evidences of business depression. I do not mean to say that prosperity is altogether dependent upon political conditions. It is however largely influenced by political and legislative action. In our present representative to Congress we have a man whose services and ability have won him recognition and honor in the halls of Congress. At the election in November, some appreciation for the services of Victor H. Metcalf should be shown.

"The necessity of electing a United States Senator is a fact which should be exercised in the choice of State Legislators. It would be presumption to advise the people of Berkeley to vote for W. H. Wast.

Chairman Martin next introduced Mr. Wast as "a truthful man and an honest one." Mr. Wast said in part: "I am pledging myself to work faithfully and honestly in the legislative halls of Sacramento if elected.

Other speakers were J. P. Cook, candidate for County Clerk, Supervisor Rowley, James J. Quinn, candidate for Justice of the Peace in Oakland Township, Robert Greig, candidate for County Recorder, Robert Edgar, candidate for Justice of the Peace in the town of Berkeley, Redmond C. Staats, H. V. J. Swain, and Ralph S. Pierce. The latter represented the Republican Club of the University of California.

Thomas Rickard, Ralph Pierce, C. G. Brown, and Joseph Mills were appointed a committee to prepare a rally, ratification meeting next Saturday. H. H. Johnson, C. G. Brown, and Arthur E. Johnson were appointed a committee on club and fraternity house registration. The meeting last night was well attended, and very enthusiastic. It is expected to make Saturday's ratification meeting, one of the most enthusiastic of the campaign.

WILL GIVE GARDEN FETE ON CAMPUS TOMORROW.

BERKELEY, Sept. 18.—The women of the Prytaneean Society, an honor organization whose members are selected from the two upper classes at the University, will give a garden fete tomorrow afternoon and evening in Coed Canyon. The affair will be given as a benefit for the proposed Students' Hospital.

The scene of the proposed fete is especially well adapted for the affair. Booths have been erected under a grove of oak trees. A large number of electric lights have been strung in the foliage of the trees. A large stand has been erected upon the grounds, and a Punch and Judy show will be given here.

The different Sororities and women's organizations will be in charge of booths, at which refreshments will be sold. The young ladies in charge of the booths will dress in Japanese costume. Confetti will be on sale and no restrictions will be placed on its use.

Two fortune tellers have been secured for the occasion, and it is expected that these services will be in great demand.

The following ladies have consented to act as patronesses for the occasion: Mrs. Benjamin Ide Wheeler, Mrs. Phoebe Hearst, Mrs. Lange, Mrs. Hugo Schilling, Mrs. Page and Mrs. Soule. The various clubs and sororities have announced the following patronesses for their booths: Choral Union, Ruth Loring, Alpha Phi, Madame Paget, Hearst Domestic Institute, Mrs. Morgan, Chi Omega, Mrs. Dresslar, Alpha Beta Sigma, Mrs. Merriam, Pie del Monte, Mrs. Stringham, Enewah, Mrs. Hearst, Philomathean Council, Mrs.

De Pol, Kappa Kappa Gamma, Mrs. Ruter and Mrs. State, Kappa Alpha Theta, Mrs. Wickson, Delta Delta Delta, Mrs. Edwards, Gamma Phi Beta, Psi Chi, Psi Beta Phi, Mrs. Stratton.

The membership of the Prytaneean Society is as follows:

RAILROAD EMPLOYEE HELD UP IN WEST BERKELEY.

BERKELEY, Sept. 18.—Dave Matthew, an employee of the railroad was held up and beaten at about 9 o'clock last night in West Berkeley. Matthew showed fight, and was badly battered and bruised before the thugs finished nothing taken from him.

The scene of the assault and attempted robbery was on Delaware street between Sixth and Seventh.

CATHOLIC PRIEST ADDRESSES STUDENTS ON EVOLUTION.

BERKELEY, Sept. 18.—The Rev. Father H. Wyman addressed the Newman Club, an organization of Catholic students at the State University yesterday afternoon in Stiles' Hall. His subject was "Modern Science in Catholic Faith."

Father Wyman said in part: "If we reason correctly we cannot help seeing that all finite beings must have had a beginning. The very idea of a finite or limited being presupposes an infinite existence. 'What are called secondary causes, therefore, do not account for the existence of anything, for they are limited and dependent.' I do not believe in the possible evolution of a higher species from a lower, any more than I believe in the possibility of itself could become something."

HIGH SCHOOL STUDENTS WILL FORM MUSEUM.

BERKELEY, Sept. 18.—About twenty

SPLENDID SUCCESS OF NATIVES' FAIR

Big Crowd Attends the Dr. George C. Pardee Exercises at the Haywards Grounds. Makes Short Address in Fraternities.

Haywards, Sept. 18.—After several months of careful preparation the Native Sons' Street Fair was opened last night, and if the success of the first night is repeated during the following three nights, the fair will undoubtedly be the financial success that is hoped for by the Natives.

The visitors began arriving in town about six o'clock and by eight o'clock the time set for the parade, the streets were lined with spectators. Thousands of visitors thronged the streets to witness the opening parade of the fair. At about 8:30 the parade started from the Occidental Hotel, where it had formed. Heading the procession marched the drum corps, which was followed by six bicycle riders dressed in red paper gowns. The three young women who rode wheels at the head of the procession were Ethel Oakes, Blanche Everett and Florence Walker. They were accompanied by young men escorts, who were also attired in red.

Behind the cyclists marched George Gray, marshal of the parade, and his two aides, Dr. Alexander and A. Wilbert. The degree team of "Mephistopheles" followed. It consisted of a wagon-load of devils carrying formidable-looking pitchforks.

The Liberty Company Band of Oakland brought up behind the float and was followed in turn by a number of members of Haywards Parlor of Native Daughters. Then came the A. O. U. W. drill teams and several hundred Workmen, being members of Oakland and Pacific lodges. Haywards Lodge of A. O. U. W. brought up in the rear of the parade.

Upon reaching the fair grounds the parade disbanded and the participants entered the grounds, where they waited until nine o'clock, when Dr. Pardee arrived.

After nearly an hour's delay, the Southern Pacific train arrived, bearing Dr. Pardee and a great many

members of the middle class of the High School have formed the nucleus of a museum. It is intended that the different classes as they leave the school shall give some work of art or curio to the museum. Officers to take charge of the new institution were elected as follows: President, Walter Clark; secretary and treasurer, Cala Newton.

CATHOLIC LADIES PLAN FOR MINSTREL SHOW.

BERKELEY, Sept. 18.—The ladies of St. Joseph's parish in this city are planning a minstrel and vaudeville show, to be given in Shattuck Hall on September 23 by Company N. League of the Cross Cadets of Oakland. The show will be given as a benefit for the fair fund.

UNION LABOR PARTY WILL HOLD RALLY TOMORROW.

Mrs. J. J. Pardee, who is serving upon the Republican nominees for Governor of the State was a unique document, and charged him with having broken the slate at the recent Republican convention.

In part the complaint read as follows: "In the Native Court of Uncommon Pleas, in the Banner County, in the State of Political Victory.

HIGH SCHOOL ATHLETES WILL MEET AT UNIVERSITY.

BERKELEY, Sept. 18.—The Union Labor party will hold its first rally in Berkeley tomorrow evening in Shattuck Hall. The candidates for the different county offices will be present and speak.

PERSONAL MENTION OF BERKELEY PEOPLE.

BERKELEY, Sept. 18.—Miss Hattie Kilmay has returned to Berkeley after a year's stay in Portland.

Mrs. J. J. Pardee, who is serving upon the Republican nominees for Governor of the State was a unique document, and charged him with having broken the slate at the recent Republican convention.

In part the complaint read as follows: "In the Native Court of Uncommon Pleas, in the Banner County, in the State of Political Victory.

EVERY PIECE OF FURNITURE MADE BY US IS ABSOLUTELY GUARANTEED

While this sale is going on a like reduction is made in the CARPET DEPARTMENT such as AXMINISTERS selling down town at \$1.35, for \$1.00; EXTRA QUALITY TAPESTRY BRUSSELS, down town at 85c, for 70c; BIGLOW LOWELL BRUSSELS, down town at \$1.35, for \$1.22½. INLAID TILE LINOLEUM, down town for \$1.60, for \$1.35; Japanese matting, down town at 40c, for 25c.

Flat Furnishings

The owner of a flat will profit from \$300 to \$400 on an investment of \$1000 during the progress of this great sale. This statement should be attractive enough to at least lead to an investigation.

DON'T GET IN A SWEAT

Perspiration—"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions, causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether but most of the impure matter should be sent out by natural movements of the bowels, and the offensive, ill-smelling, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excrement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day.

Cascarets

Best for the Bowels. All druggists, 10c, 50c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sold in bulk and bottled free. Address: Sterling Remedy Co., Chicago or New York.

OAKLAND TRIBUNE
Tribune Publishing Company William E. Dargie, President

THE STRIKE SITUATION.

Again the coal mine operators have repeated their ultimatum of no concession to the strikers. From the first they have refused to arbitrate or to accept mediation. Bishop Potter's committee tried to bring about an adjustment and failed. Senator Hanna brought all his influence and practical wisdom to bear in an effort to secure a compromise, but gave up in disgust when informed that the operators insisted upon an unconditional surrender on the part of the miners. Mayor Hewitt of New York and Governor Stone of Pennsylvania attempted to arrange peace, but were met with the curt response that the miners could return to work on the old terms if they wanted to, but there would be no arbitration, conciliation or mediation.

In the meantime the State of Pennsylvania is spending some thousands of dollars a day keeping a force of militia in the colliery district, and the cities and counties of that section are being put to heavy expense to keep the peace and provide relief for the suffering. In the great cities of the Atlantic seaboard families are paying two and three prices for coal, and a number of small factories have shut down owing to the scarcity and high price of fuel. Thus want and idleness in the great cities are resulting from the fact that a single combine controls all the mines and railways in the anthracite region. The strikers may not be able to bust this trust, but the people will. The combine amounts to a criminal conspiracy against the public peace as well as the public welfare.

HEBREWS IN NEW YORK.

In the city directory of New York it appears that every fourth man in the Borough of Manhattan is a Jew. It is a remarkable fact that New York contains the largest Jewish population of any city in the world, the old city proper containing over half a million of the children of Israel. The immense increase in the Jewish population began about thirty years ago, but has been most pronounced during the past twenty years. At the present rate of increase, the Jews promise to outnumber the Irish in the metropolis. More Jewish than Irish immigrants are coming to the country, and the Hebrew excels the Celt even as a breeder. People generally have not realized it, but it is a fact nevertheless, that a large proportion of the immigrants from Russia, Roumania, Hungary and Poland, and even Germany, are Jews. If the tide of Jewish immigration continues, the United States will soon be the chief Jewish Nation in the world.

Another ethnological change has taken place in New York without people in other parts of the country being aware of it. The general outside idea is that the Irish constitute the largest single foreign element there. That is an error. There are more Germans in New York than Irish. The heaviest tide of German immigration set in at a time when immigration from Ireland began to fall off.

Big Bill Devery, ex-Chief of Police of New York City, has been elected Tammany leader of the Ninth Assembly District, and a lot of feather-headed editors are flabbergasted with the idea that this means that he will control Tammany Hall, and through Tammany Hall the Borough of Manhattan, and through the Borough of Manhattan all Greater New York, and through Greater New York the Empire State, and through the State of New York, the Presidency of the Nation in 1904. Shade of the cat that killed the rat that ate the malt that lay in the house that Jack built, what nonsense! Devery received exactly 1684 votes. There are 400,000 voters in Manhattan Borough and about 700,000 in Greater New York. There are thirty-six Assembly Districts in Manhattan and the Bronx and fifty in Greater New York. All Devery has done is to give the scheme of John F. Sheehan and John Carroll to control Tammany Hall a black eye. It is about as significant in National politics as a Coney Island picnic.

The experiment of establishing an exclusively white man's Republican party in Alabama, North Carolina and Virginia will be watched with interest. The results will not be confined to those States alone, for the colored vote has been practically disfranchised in all three; but the move is likely to have a sympathetic effect in other States, where the colored vote constitutes an important element. It is in the power of the negroes to change the political complexion of Kansas, Indiana and Ohio. It is beyond dispute that the colored vote has kept Ohio in the Republican column ever since 1870.

There is a rape on the barn out at Lincoln, Nebraska. The Democrats of Massachusetts have repudiated William Jennings Bryan and a "cotton-sticker" currency. An old fashioned loofeen platform was adopted, ignoring Bryan and the Kansas City platform.

TEMPUS FUGIT.
Each night before I lay me down To rest my weary head I wind my watch and place it 'neath the pillow on my bed. But Father Time—the sly old fox—Creeps in for rise of sun, And surreptitiously unwinds The winding I have done— Brooklyn Lite.

DR. REISNER'S EGYPTIAN RESEARCHES.

The series of lectures just concluded at Berkeley by Professor George A. Reisner convey to the popular mind but a faint idea of the scientific value of the archaeological researches now being conducted in Egypt by the State University. Scientific men throughout the world have kept themselves informed with regard to the progress of the explorations and excavations prosecuted under direction of Professor Reisner, and can appreciate the enormous significance of the discoveries made, but it will take many years for the knowledge obtained by such patient endeavor and large expenditure to become diffused in popular channels. In every great seat of learning throughout the world, however, the name of Mrs. Hearst, whose enlightened generosity enabled the University to undertake this research, is familiarly known and revered, while Professor Reisner has achieved lasting fame by the diligence, ardor and intelligence with which he has prosecuted the great work of resurrecting for the modern student from buried ruins, the history and the political and social structure of the Egypt of far antiquity. Mrs. Hearst's liberality and Professor Reisner's labors have rolled back the curtain of recorded history nearly two thousand years, and have enriched human learning by a knowledge of the art, science and achievements of a people who have slumbered in the dust of forgotten ages for thousands of years.

It is now three years since Professor Reisner began his Egyptian excavations. It will require five or six years more of diligent operations to conclude his investigations. The work was undertaken by the University at the instance of Mrs. Phoebe A. Hearst, who supplied the means, and thereby became a benefactor to science wherever the term is understood. Mrs. Hearst has made many benefactions to the State University, but in financing the Egyptian Expedition she endowed knowledge everywhere, and made the University of California famous the world over. More than that, she has made the University respected by scientific men in all countries.

Of all the vast collection of historical inscriptions, works of art and domestic utensils recovered from the buried cities of ancient Egypt, Mrs. Hearst retains nothing. Everything goes without reservation to the University Museum. She bears all the expense and the University gets all the results. Hundreds of rare vases have been recovered from the excavations, far more than the University desires to retain or can conveniently house, and donations of these relics will be made to Harvard, Yale, Columbia and other Eastern universities. Thus many other great institutions of learning will reap the substantial benefits of Mrs. Hearst's noble benefaction.

Throughout the length and breadth of Egypt Mrs. Hearst is known as a benefactress. Her generosity in the cause of scientific investigation has given employment to thousands of poor Egyptians, and turned to the land of the Pharaohs a tide of visitors whose curiosity has been aroused by the notable discoveries made by Professor Reisner. Thus the money she has expended in Egypt has induced other expenditures and encouraged other investigations which promise to contribute greatly to the sum of human knowledge.

The agent selected to prosecute the explorations and researches was wisely chosen. Dr. Reisner is an Egyptologist of renown, a learned scholar, and a scientist thoroughly absorbed in his work. Archaeology is a passion with him, and he has devoted to his huge task all his energy and enthusiasm. The classification of the relics recovered in the excavations alone has involved great labor and profound study. Without the illumination of patient study and accurate learning, the relics would be comparatively valueless. Professor Reisner's scholarly attainments have supplied the key to unlock for the student of today the treasure house of antique lore he has recovered from the buried past.

The University of California has abundant cause to be congratulated on the results thus far achieved in Egypt, but there is excellent reason to believe that they are but the fore-runner of still more important discoveries. Before the researches of Professor Reisner are finally concluded, the chronology and historical sequence of events in Egypt for the last seven thousand years will probably be fully cleared up, and the story of the human race be better understood.

HEBREW COOK WEDDING.

Miss Mabel Sloat and Frank B. Cook were married at 3 o'clock yesterday afternoon.

The wedding was a very quiet affair, taking place at the home of the bride's mother, Mrs. E. Sloat, 619 Eighteenth street. Only relatives were present. On their return from the ceremony, the bride wore a lovely gown of white tulle, and the groom wore a suit of dark blue cloth.

The bride's gown was a lovely creation of white tulle, and the groom wore a suit of dark blue cloth.

INSURANCE MAN IN RUNAWAY

Frank Angew thrown from his buggy and badly injured.

Frank J. Angew, the well known insurance man, was seriously injured in a runaway accident last night while driving a team of young horses on Peralta heights.

Mr. Angew was trying out a pair of colts which were acting in an unruly manner, when they suddenly shied at a fluttering piece of paper and started to run away. The driver managed to guide their wild flight down the grade, but in making a turn the buggy upset and threw Mr. Angew out.

In landing Mr. Angew struck the stone curb and was rendered partly unconscious. Residents in that vicinity came to his assistance, and the injured man was taken to his home on Piedmont avenue.

Dr. Cunningham was summoned and upon examination it was found that his leg was badly hurt, besides sustaining serious internal injuries. The buggy was a total wreck, while the horses escaped without a scratch.

MUSICAL CLUB.

The Wednesday Morning Musical Club held its second regular meeting.

WILLIAM R. DAVIS IS A GOOD HUNTSMAN

William R. Davis has just returned from a two weeks' hunting expedition in the wilds of Northern Sonoma county. He killed two deer, and says he enjoyed his outing immensely. Other members of the party were equally successful in slaughtering game. For the first and second days they had venison hanging all the time in the pepper-wood tree by the camp, and had plenty to send away.

CARPENTER RECEIVES WOUND ON HEAD.

Albert Sanholt, a staff builder, residing at 124 Telegraph avenue, was hit on the head this morning by a piece of falling lumber. A gash two and one-half inches long was cut in his forehead. He was taken to the dissecting hospital, where Dr. O. Hyde closed the wound with five stitches.

THREE WEDDINGS THAT INTEREST THE SMART SET
AN OUT-OF-DOOR CEREMONY AT DIMOND
—MEETINGS OF MUSICAL AND WHIST CLUBS—PERSONAL NOTES.

Miss Emma Estelle Lowenberg and Frank Deming Worrell were married at noon yesterday.

The ceremony took place at the country home of the bride in Dimond Canyon and was an out of doors affair. An immense arbor completely covered with trailing vines had been erected in front of the residence and there the only daughter of the house made her nuptial vows. The stairway and hall through which the bridal party passed were decorated with ferns and the floor of the arbor was covered with canvas. A unique feature of the decoration was two yokes of pink and white, flowers tied together with a lovers' knot of tulle. The yokes were suspended from the center of the dome-like bower of greens under which the bride and party stood.

About seventy-five guests witnessed the ceremony, the officiating clergyman being the Rev. William Rader, pastor of the Third Congregational Church, San Francisco, of which the bride was formerly a prominent member.

The gown worn by the bride was of white tulle, the skirt having a wide accordion pleated flounce. The transparent yoke was of lace and tulle, and was fastened with a diamond sunburst, the bridal bouquet being of white carnations and tulle.

The maid of honor, Miss Eva Clancy, wore white mousseline de sole over Nile green tulle. Miss Adeline Worrell, bridesmaid, was gown in pink organdie over pink tulle. Both attendants carried long garlands of pink carnations and maidenhair fern, tied with tulle. San Francisco was best man and Charles Lowenberg also attended the ceremony. Mrs. William Brown, a life-long friend of the bride, played the wedding march. A wedding breakfast was served on long tables set in the arbor, and later the young couple left for the South where they will spend their honeymoon.

The bride is the only daughter of the late William Lowenberg and is also a grandniece of the late Charles Sutor. The groom is a son of C. R. Worrell, a retired contractor and capitalist of San Francisco, who has succeeded his father in business. Mr. and Mrs. Worrell will reside in San Francisco, where the groom has fitted up an elegant home for his bride.

WHEELLOCK CLUB.

The first meeting of the Wheellock Whist Club will be at the residence of Mrs. Frank I. Kendall, on Chestnut street, on Friday the 26th. The club membership includes Mrs. W. H. Chick, Mrs. George E. de Golla, Mrs. George Cooke, Mrs. John Tuile, Mrs. Renshaw, Mrs. Henry Wadsworth, Mrs. Gordon Stolp, Mrs. Willard Burton, Mrs. E. M. Walsh, Mrs. E. P. Palmer, Mrs. Barrett, Mrs. San Brock, Jr., Mrs. Fretwell, Mrs. E. B. Beck, Mrs. Hayward G. Thomas, Mrs. Andrew Fine, Mrs. George Cope, Mrs. Charles Houghton, Mrs. E. S. Kendall, Mrs. Chase, Mrs. E. K. Lukens, Mrs. Eleanor Folger, and Mrs. Paul Lohse.

PERSONAL AND SOCIAL.

J. J. Agard of this city paid a business visit to Stockton recently.

Mrs. William Hanger of Petaluma is visiting her daughter in this city.

Mrs. E. M. Smith was a recent visitor in Tulare, where she is a large land owner in the Irvington district.

Frank N. Gilchrist spent a couple of days in Stockton recently.

F. Coffey (removed to 124 Broadway, opp. Postoffice) receives work daily at 10 a. m. at Farlow Cleaning and Dressing Works. Dry cleaning a specialty. Telephone Main 114.

CONGREGATIONAL CONCERT.

The program of the concert to be given by the chorus choir and soloists of the First Congregational Church tomorrow evening in the auditorium of the Unitarian Church, is printed in advance with the first time. The advance sale of seats, which will continue up to 6 o'clock Friday evening, at Sherman, Clay & Co's, indicates a crowded and fashionable audience.

The program is as follows:

PART I.
Rossini's "Stabat Mater" (English text adapted by William Ball) soprano, contralto, tenor and bass solos, and quartets, by Mrs. Grace Davis Northrup, Mrs. Sarah Nicholson, James E. Veeco, and Ralph T. Fisher, and choruses.

PART II.
Bass—"Hydras, the Cretan" (Elliott Soprano—"L'Umbellone" (Del Acqua Piano—(a) Scherzo; (b) Prelude.... Rachmaninoff Part Songs—(a) "The Sands of Dee" (b) "Haste Thee, Nymph" Handel Contralto—(a) "Until You Came (Miss) John W. Metcalf (b) "Serenade" Richard Strauss Tenor—"This You Forget" Mrs. Nicholson Chorus—"By Babylon's Wave" Louis Campbell Tipton Mrs. Veeco. Gounod

Deafness Cannot Be Cured.
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for anyone who can cure a case of Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. P. J. HENNING, 300, Toledo, O. Sold by Druggists, etc. Hall's Family Pills are the best.

Dr. Chas. F. Gross
Has opened his dental offices at 1116 Washington street, between 13th and 14th.

WILL RAISE MONEY FOR THE HOSPITAL

YOUNG MEN'S INSTITUTE AGREE TO COLLECT TWO THOUSAND DOLLARS.

PROPOSE TO GIVE A LARGE CONCERT.

The local Councils of the Young Men's Institute, ever ready and willing to assist in any worthy cause, have undertaken to raise the sum of \$2,000, which will be presented to the Sisters of Charity of Providence, to assist them in establishing their new hospital in Oakland.

This action of the Y. M. I. is commendable. It is the voluntary offering of the members themselves, and was the first offer of assistance from any individual or society tendered the Sisters, since their arrival in this city.

It is proposed, as the principal means of raising this amount, to hold a high class concert on Thursday evening, October 23d.

The Macdonough Theater has been secured, and the best talent procurable will appear on the occasion. The committee will endeavor to present at the concert, the greatest aggregation of musical artists ever heard in Oakland at any one time. The joint committee on whom the success of this undertaking largely depends, is as follows:

Oakland Council No. 6.—Rev. Dr. F. X. Morrison, chairman; M. A. McNinis, George P. R. Clark, Dan J. Hallahan, Harry R. Guichard.

American Council No. 8.—Rev. J. B. McNally, Joseph E. Kenney, secretary; William McCarthy, M. R. Bronner, J. Henry Sheehan, Joseph Priel.

California Council No. 24.—Rev. T. J. O'Connell, treasurer; J. H. Scholten, E. C. Gallagher, D. E. Dyer, F. N. Dodd, E. J. McKillop.

The members are enthusiastic over the affair and are confident the theater will be packed on the evening of the concert. With the achievement of such a worthy object in view, and with every member of the three Councils using his best endeavors, there is no reason why their efforts should not be crowned with success.

Grand President Thomas W. Kelly has appointed the following members of the Board of Grand Directors on the Committee on Laws and Supervision: J. B. Queen, No. 3; Rev. Dr. F. X. Morrison, No. 24; Charles G. Wiley, No. 3; Thomas J. Moroney, No. 34; John P. Fitzgerald, No. 44.

The following committees of the Board of Grand Directors have been appointed by Rev. T. J. O'Connell, chairman:

Supplies—Charles G. Wiley, No. 3; T. J. Moroney, No. 34; T. A. Cody, No. 25; H. S. Sharp, No. 43; J. B. Queen, No. 3.

Finance—M. A. McNinis, No. 6; Chas. G. Wiley, No. 3; J. B. Queen, No. 35; T. J. Moroney, No. 34; T. A. Cody, No. 25.

The third Council of the Y. M. I. to be established in Hawaii, was recently organized at Honolulu, about seventy miles from Honolulu.

A COMMON ERROR

The Same Mistake is Made by Many Oakland People.

It's a common error To plaster the aching back, To rub with liniments rheumatic joints.

When the trouble comes from the kidneys, Doan's Kidney Pills cure all kidney ills, And are endorsed by Oakland citizens.

D. D. Davis, salesman in dress goods department of Salsinger's department store, residence 1244 Broadway, Alameda, says: "If I pain across the back which clung to me persistently for at least twelve months is any indication of kidney complaint, then I had it. Some three years ago just such an attack occurred and knowing what I suffered when I noticed in an Oakland paper that Doan's Kidney Pills were for the kidneys, and the kidneys alone, I went to the Owl Drug Co's store for a box and tried it. If the results obtained from the treatment had not been effective I never would have gone out of my way to recommend Doan's Kidney Pills to personal friends. I know of more than one who has used Doan's Kidney Pills and who are just as emphatic in their endorsement as I am. For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

ROOM THIEF GOES TO JAIL

HE MADE A BUSINESS OF ROBBING LODGING HOUSES IN CENTER OF CITY.

Fred Taylor, a nineteen-year-old youth, who claims to be from Los Angeles, was arrested last night by Detective Shorey in the Oriental Lodging House on Washington street, on suspicion of being the party who for the past week has been operating in rooming houses throughout the city.

When first taken into custody, Taylor denied that he was a "room worker," but when he was confronted with stolen goods found in his room, he broke down and confessed everything. Taylor disposed of his plunder to second-hand dealers and much of it has been recovered.

The youth has not been booked at the city prison, and will not be until the police have looked into his record, as they are of the opinion that he is a much wanted man.

Look Pleasant, Please.

Photographer C. C. Hurlan of Eaton, O., can do so now, though for years he couldn't, because he suffered untold agony from the worst form of indigestion. All physicians and medicines failed to help him. He tried Electric Bitters, which worked such wonders for him that he declares they are a godsend to sufferers from indigestion and stomach troubles. Unrivalled for diseases of the stomach, liver and kidneys, and for all the ailments which attend the whole system. Try them. Only one guaranteed by Osgood Bros., druggists, Seventh and Broadway.

The Marlborough

—a large picture hat of black velvet—With white lace scarf, finished with black medallions and elegant long plumes.

Kahn Bros. THE ALWAYS BUSY STORE N.E. 12th & Wash'n. Oakland

AMUSEMENTS

GOLD WATCHES FREE

The PEOPLE'S THEATER

Cor. 12th and Webster Sts.

The People's Theater Amusement Company have made arrangements with an eastern manufacturer of gold watches, whereby they are enabled to give away a watch to every person who attends the performance during the week of Tuesday and Wednesday. But only two out of the number present at each performance are entitled to a watch, and the giving away of watches under this arrangement will be continued without interruption until further notice.

Each purchaser of a reserved seat will receive a coupon, with a space for the name and address of the holder. Attached thereto will be a duplicate for the holder's name and address. The original will be deposited in a glass box at the theater, and the duplicate will be retained by the holder. The original in every respect, will be retained by the possessor for the purpose of identifying the watch when it is drawn from among the other coupons deposited in the box. Those who attend the performance on Tuesday and Wednesday evenings and Saturday and Sunday matinees will be eligible for the reserved seat. It is an opportunity to get a lady's gold watch, free of charge to them, except the cost of the coupon, and the reserved seat. The watch will be given away on the following Monday evening, September 22d, but they must be in attendance at the performance to receive the watch. When the names are drawn from the box, the drawing will continue until the name of some one who is present comes out of the box. Those present at the drawing will receive coupons permitting them to participate in the drawing of the succeeding week, and it is not unlikely that those who make a regular practice of attending the performances will eventually obtain a gold watch for nothing. As the management intend to increase the number of watches given away if the plan becomes popular enough to warrant doing so.

The gentleman's watch will be drawn on Tuesday evening from among those present on Thursday, Friday, Saturday and Sunday evenings, the same rules as to attendance applying as in the case of the lady's watch. These watches are guaranteed by the manufacturers for twenty years, and are very attractive in appearance, with a fancy engraved hunting case. The movement is full of jewels, and the watch is guaranteed accurate and reliable timekeeper.

One price. Admission to all parts of the house free, including reserved seat. Box office open at 10 o'clock Monday and every day thereafter.

Other wrist bags.....**50c** to **\$4.00**

Crowded Comfort
now exists in our Comforter department. The sterling values will soon relieve the congestion.

WOODMEN TO TURN OUT.

ELMHURST CAMP WILL ATTEND HAYWARDS FAIR NEXT FRIDAY.

ELMHURST, Sept. 18.—At a recent meeting of Elm Camp, No. 361, Woodmen of the World, it was decided that the members attend the Haywards Street Fair on Wednesday night, Friday, September 19th. Those who will be able to attend the celebration will leave here on the 7:40 p. m. car, and arrive in Haywards in ample time to witness the parade, which will mark

the opening of the evening's exercises. From all indications it is probable that nearly every member of Elm Camp will take in the fair that night. A special program has been arranged by the Haywards Camp, which will be of more than usual interest to all Woodmen.

WILL RESIDE HERE.
George Brown and family, who recently came to Elmhurst from Fort Bragg, have moved into the McKenzie place on Bay View avenue, where they will make their home for the present.

VISITING IN SAN JOSE.
Mrs. L. Barker has gone to San Jose, where she will visit friends for several days.

IS IN SACRAMENTO.
J. J. Stone, a well-known resident of Elmhurst, left this week for Sacramento, where he will remain for several days.

ROBERT FLEMING DIVORCED.
Robert F. Fleming, outside superintendent of the Sunset Telephone Company, was granted a divorce this morning by Judge Greene from his wife, Mrs. A. J. Fleming, on the ground of desertion.

TOBY IRWIN IS READY TO MEET FRANK GEORGE

RELiance CLUB SECURES THE HANLON-M'FADDEN FIGHT—BASEBALL GAMES—ELKS WILL PLAY AGAIN.

Toby Irwin and Frank George will meet at the Reliance Athletic Club this evening in a fifteen round boxing contest for a purse and \$500 side bet. This promises to be one of the best shows the club has handled for many months as the men are equally matched and capable of putting up a fast bout. Both are trained to the minute and ready for a long fierce struggle.

The large amount of money that is being wagered on this contest has aroused unusual interest in it. The betting started at ten to eight with Irwin as favorite but the presence of plenty of George money soon made it an even money affair. It will probably remain so up to the time the men enter the ring.

There is also considerable betting on the Puller-Rafael bout. On Sixth street in San Francisco and in West Oakland they are backing Puller to win. Puller has won before the West Oakland Club and they like his chances with the shifty Rafael.

The curtain raiser will be furnished by Cyclone Kelly and The Dixie Kid who are signed to go four rounds.

STOCKTON ELKS WILL TRY AGAIN TO WIN

FOURTH GAME WITH OAKLAND ELKS IN WHICH HOME MEN WILL LEAD.

Next Sunday afternoon at 3 o'clock there will be a fourth game of ball between the lodge of Elks of this city and that of the Elks of Stockton. The game will be played in Golden Gate Park. In the three preceding games, the Oakland boys won and declare they will be able to do the same thing a fourth time. The Stocktonians will be accompanied by a number of rooters.

The line-up will be as follows:

Stockton:.....H. Plutt,.....Second base.....Baker Templeton.....Center field.....Melone G. Mead.....Left field.....Musto Matthews.....Right field.....Beading Dean.....Shortstop.....Moore Blotchen.....Pitcher.....Kettlemann Ward.....First base.....Jackson O'Connell.....Third base.....Dunlap S. Blutt.....Catcher.....Huskings

RELiance CLUB SECURES FIGHT

HANLON AND M'FADDEN WILL BATTLE IN THE LOCAL CLUB.

The bids for the Hanlon-M'Fadden fight were opened last evening at Zick Abrams' and the Reliance Athletic Club of Oakland secured the contest. The club has not been definitely settled, but it was agreed that it should be as near October 21st as possible.

Though the representatives of several clubs were present, the only bids received were those of William Lavigne, representing the Acme Club, and Zick Abrams, representing the Reliance Athletic Club. M'Fadden was represented by Zick Abrams, while Hanlon was represented by Harry Foxley and Ben Tremble to take place October 20th.

LOS ANGELES WINS FROM SAN FRANCISCO

OAKLAND GOES TO SACRAMENTO THIS MORNING TO TRY CONCLUSIONS WITH THE SENATORS.

Stupidity on the part of Nordyke advanced the Los Angeles team five points towards the pennant in the game at the Golden Gate Baseball Park yesterday afternoon. In the ninth inning, with the bases full, and with three balls already called on the pitcher, Nordyke struck viciously at a wide one, and popped it up in the air retiring the side. Had he not been over anxious

A DOCTOR'S EXPERIENCE.

Medicine Not Needed in This Case.

It is hard to convince some people that coffee does them an injury. They lay their hands on it almost every cause but the true and unsuspected one.

But the doctor knows; his wide experience has proven him that to some systems coffee is an insidious poison that undermines the health.

Ask the doctor if coffee is the cause of constipation, stomach and nervous troubles.

"I have been a coffee drinker all my life. I am now 42 years old and when taken sick two years ago with nervous prostration, my doctor said that my nervous system was broken down and that I would have to give up coffee. I got so weak and shaky I could not work, and reading and adventuring of Postum Food Coffee. I asked my grocer if he had any of it. He said, 'Yes,' and that he used it in his family and it was all it took to be better than I did at 20 years of age.

"I am working every day and sleep well at night. My two children were great coffee drinkers, but they have not drunk any since Postum came into the house, and are far more healthy than they were before." Stewart M. Hall, Fairfield, W. Va.

lous, his pass would have forced the tying run, leaving the stations still covered. Burns, the next up was due for a hit, and there is no telling where the run-getting would have ceased.

Meredith, the Shetland pitcher was in fine form, and but for ragged support would have won his game. Most of the Angel runs were secured on scratch hits. With more speedy fielding, Charlie Reilly, who is credited with a three banger would have been thrown out at third. The summary is as follows:

RUNS AND HITS BY INNINGS.

San Francisco.....0 2 0 0 0 0 0 1-3
Base hits.....1 2 0 1 0 1 0 0-7
Los Angeles.....0 0 0 0 0 0 0 0-0
Base hits.....2 0 0 0 2 2 0 0-8

SUMMARY.

Three base hit, Reilly; two base hit, Delmas; 2 sacrifice hits, Delmas, Mills. First base on called balls, off Meredith; 3: off Mills; 4: left on bases, San Francisco; 10: Los Angeles; 8: struck out by Meredith; 2: hit by pitcher, Shay, Byrne, Burns; double plays, Raymer to Tomlin, Meredith to Nordyke. Time of game, 1:50. Umpire, McDonald.

The Lohmanites left for Sacramento this morning. They are scheduled to play four games with the Senators and should experience no difficulty in taking them all.

JOE GANS WON FIGHT IN EAST

BALTIMORE, Sept. 18.—Joe Gans, the light-weight champion, knocked out Gus Gardner of Philadelphia last night before the Eureka Athletic Club in the fifth round of a 20-round bout.

PLAYS SCHEDULED AT THE MACDONOUGH

Undertaken for an appearance at the Macdonough Sunday night is W. L. Nankerville's production of the powerful drama, "The Penitent." The play comes to us with all the prestige of a successful run at the Park Theater, Boston, the critics there going so far as to say that it ranks as the best drama ever seen there in its intensity of story and brilliancy of conception. As one writer aptly put it: "The play is a vivid and truthful picture of old country life, the plot deeply interesting and well worked out, and the characters true and natural. There is so much that is good, ennobling and enjoyable in it that it may be classed as one of the best dramas on the stage. It is a play that lingers with you, and as soon as the performance is over there is a desire to see it again. It is a masterpiece of the pen." Manager Nankerville has staged "The Penitent" in a most lavish manner, a perfect depiction of the locale of the story—the hills and valleys of the Cumberland Mountains in old England being shown.

COUNTY FAIR.

The story of "The County Fair," which will be seen here shortly with Neil and his troupe, is the story of Abigail Price, can be told in a few words, as follows: Aunt Abbie, or Abigail, is a Yankee spinster with a tender heart, with a hard and brusque exterior. She is courted by Solon Hammerhead, to whom she has mortgaged her farm, and by Otis Tucker, a very bashful wooer, who four years ago was abandoned and dreaded to pop the question. In the first act we see Abbie in her little cottage, where she has given shelter to a destitute negro. We watch her going about her simple duties, snubbing old Solon, coyly coquetting with Otis and singing her evening hymn with heart and over a year ago, before she bolts her doors and retires for the night. The curtain of the second act rises on a charming rural scene. In fact, it is said to be the most beautiful pictures ever seen on any stage.

SOCIETY GIRL'S SAD DOWNFALL

LOVE FOR LIQUOR CAUSES WIFE TO ABANDON HUSBAND AND BABY.

William F. Mann, bookkeeper for the California Fruit Cannery Association, was granted a divorce yesterday by Judge Throett. While the decree was granted on the formal ground of cruelty, the testimony taken before the Court Commissioner told a story of a society belle's fall and the destruction of a happy home through a wife's love for drink.

Mrs. Mann, before her marriage, was one of Baltimore's belles, coming from a prominent Southern family. She moved to San Francisco, where she became a member of the most exclusive society circles in Virginia, and her beauty was the subject of many a gallant Southerner's toast.

In 1899 she married Mann, and took up residence in Oakland. It was not long before the young wife developed a passion for strong drink. One occasion she abandoned her four-month-old babe to procure liquor. The distracted young husband then moved his wife to San Francisco, but her fondness for liquor soon induced her to leave her husband's roof and abandon her baby. She is now in the East. The father was awarded the custody of the child.

HE SAYS SPOUSE DESERTED HIM.

Frank Lester Cotton today commenced suit for divorce against Elvira A. Cotton on the ground of desertion. They were married in 1898. After living together for four years and over a year, the husband alleges his wife deserted him and left for Chicago. There is one child.

GRANTED LETTERS.

Selma Usar has been granted letters of administration on the estate of Edward E. Usar, deceased.

HAS FAITH IN ALASKAN MINES.

JOE KING TELLS OF CONDITIONS IN THE FAR NORTH.

Among those who returned from Cape Nome on the steamer St. Paul last Saturday was Joe King, a well known carpenter and contractor of Oakland, who brought out more than \$25,000 as a result of his two years' endeavors in the northern gold fields. Mr. King was accompanied home by his wife, who went to Alaska last fall to join her husband.

In speaking of the gold hunters in the frozen north, Mr. King said:

"The talk of the northern mines being exhausted is absurd. I brought money out with me, and I shall return next spring to operate claims which I have located within the last two years. I went up first in 1898, going direct to Dawson City, but returned the next year. In 1900 I went to Nome, and it is there that I believe most of the future efforts of the miners will be directed. There has been a big falling off of the gold seekers going to the Alaskan coasts. This year I think not more than 6,000 people went to the Nome country. But they are now getting down to a solid mining basis. The creeks are being worked in a scientific manner. I think it is safe to say that within three years, when the boom has been exhausted, there will be at least 15,000 men, or miners, regularly employed in the Cape Nome mining district.

"The old claims with the exception of Cape Nome are fairly well. George L. Felt, for instance, is doing well. He has a large grocery store and is interested in a number of mining claims. D. D. Hunter has an excellent claim on Ophir creek in the Council City district, and is doing better than most of those who sought their fortunes in the icy north. Charles Carpenter, a well known miner in Oakland, is making money hand over fist. Everything he touches seems to turn to money. There are many others who are having good luck in the mines of the north, among them being Bart Worley, who, although he has been in the north for many years, is making money hand over fist. He is now getting down to a solid mining basis. The creeks are being worked in a scientific manner. I think it is safe to say that within three years, when the boom has been exhausted, there will be at least 15,000 men, or miners, regularly employed in the Cape Nome mining district.

ATTRACTIONS AT THREE THEATRES

BURLESQUE, EXTRAVAGANZA AND MELODRAMA DRAW AUDIENCES.

At the Macdonough Theater, the uproarious burlesque, "Fiddle Dee Dee" still holds the boards. It is drawing a large audience nightly and laughter fills the auditorium from the rise to the fall of the curtain. People who have seen the piece before go a second and a third time to laugh over the grotesqueness of the comedians, the excellence of the singing and dancing and the beautiful setting of the stage. The piece will run all week.

BROWNIES AT DEWEY.

This week, the "Brownies in Fairy Land" are captivating large audiences at the Dewey and sending them home delighted. While the performance is given entirely by children, it is intended for adults as well as children and, in fact, affords them as much pleasure as it does to the people who, of course, are captivated by everything which they see and hear on the stage. The performance will be continued all this week. There has been no increase in the prices of admission.

THE PEOPLE'S.

At the People's Theater last night, there was another good house to witness the production of "The Queen's Courier." The play moved with an ease and effectiveness which greatly pleased the auditors. The mounting of the production is excellent and every actor is perfect in his or her role. The play will run all the week.

HOTEL ARRIVALS.

METROPOLE—George Wolf, H. L. Baker, R. Mitchell and wife, Oakland; L. Wood, Mr. and Mrs. Pierce, San Francisco; A. W. Brown, New York.

IMPORTANT

VOTERS

REGISTRATION

Office of the County Clerk,
Alameda County, California

NOTICE IS HEREBY given that in accordance with the provisions of Chapter 53 Statutes of 1899, all voters of Alameda County must apply for re-registration in order to be able to vote at the General Election in November, as every name on Great Register was cancelled January 1st 1902.

There is no provision of law providing assistance for the Clerk to register voters, IT IS IMPORTANT THAT VOTERS SHOULD APPLY FOR REGISTRATION-AT ONCE IN ORDER TO EXPEDITE THE WORK.

In order to facilitate the work of re-registration attention is called to the provisions of Section 109 which reads as follows:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry to be made by the Clerk, unless:

2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued by the court prior to his succeeding election, or upon his affidavit that it is his

the time and place of his naturalization together with his affidavit that he has resided in the United States for four years, and in this State for one year, and is now residing in the county of application, and that he would be an elector of the county at the next succeeding election provided, however, if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties, cities and counties of the State, his name must not be entered in the Clerk unless he produces a certificate of such registration, issued by

prima facie evidence of his naturalization.

3. If born in a foreign country, his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States, and under the age of twenty-one years, and that he is or would be an elector of the county at the next ensuing election.

4. In other cases, upon the affidavit of the party that he is or will be an elector of the county at the next succeeding

Further notice is hereby given that Affidavits of Registration must be sworn to before the County Clerk or his deputies, and that they can not avail to the provisions

The office of the County Clerk will be, until further notice, open for registration from Nine A. M. until

FRANK G. JORDAN,
County Clerk, Alameda
County.
Dated February 10, 1907
(Seal.)

ORDINANCE NO. —

AN ORDINANCE FIXING THE SALARY OF THE KEEPERS OF THE PUBLIC PARKS AND SQUARES OF THE CITY OF OAKLAND.

Be it ordained by the Council of the City of Oakland, California, that

SECTION 1.
Each and every keeper of a public park or square in the city of Oakland shall be paid a salary of seventy (\$70) dollars a month as compensation for his services.

SECTION 2.
Any Ordinance or part of an Ordinance in conflict herewith is hereby repealed.

SECTION 3.
This Ordinance shall take effect immediately.

In Council, Oakland, Cal., Sept. 12, 1902.

MRS. HEARST HONORS MAN WHO HAS DONE SPLENDID WORK FOR THE U. C.

Through Her Munificence Berkeley Will Have Great Museum. Dr. Reisner is the Guest of Honor at an Egyptian Dinner. Hacienda at Pleasanton is the Scene of a Joyous Affair. Brilliant Spectacle at Home of California's Noted Woman.

This evening, at the Hacienda del Poso de Verona, the palatial home of Mrs. Phoebe A. Hearst near Pleasanton in this county, Dr. George A. Reisner and his wife will be guests of honor at a dinner to which sixty guests, thirty ladies and thirty gentlemen have been bidden.

The hostess, of course, will be the estimable lady who presides over the Hacienda, who has made possible the work which Dr. Reisner is now carrying on in Egypt, and who is, at once, a Regent of the University of California and one of the most liberal patrons of education in two hemispheres.

OCCASION AND GUESTS.
The dinner will have a simple menu but it will, nevertheless, be one of the most notable which has ever been held in this section. Men and women of refinement, culture, erudition and devotion to study will be guests. The party will assemble under an artistic representation of the azure sky at night, flecked with a myriad of artificial stars and with a suggestion of Orientalism eminently in keeping with the life-work of the man whom the hostess, as a devotee of education, desires to honor. Simplicity with completeness and elegance without lavishness will prevail. The dinner will commence at 7 p. m. Three hours will be spent around the board and in listening to a resume of the lectures by Dr. Reisner as the director of the Hearst Egyptian Expedition, all the discoveries of which are to become a feature of the museum of the University of California. Afterwards, the guests, at 10:30 o'clock will take a special train which will enable them to return to their homes in this city, San Francisco and Berkeley without running any risk of missing "the last car."

WHY GIVEN.
The lectures of Dr. G. A. Reisner, on excavations in Pre-historic Egypt which have been in progress for some days at the University of California, have come to a close. They have attracted the attention of students of that institution, professors in many lines of work and savants, who, while living in the present are studious in their efforts to ascertain what of interest and importance has been concealed from moderns in the secrets of the past.

Dr. Reisner's lectures have been illustrated by numerous stereoscopic views of places which he has excavated and of varied articles which he has resurrected from the ruins of a civilization which antedated, by centuries, the Christian Era. His work has been classed with that of the foremost archaeologists of the day and the discoveries he has made have enriched the museums of this country and, in a special manner, the Museum of the University of California, in whose cabinets, hereafter, all the doctor's prehistoric discoveries will appear.

BENEFACTRESS OF SCIENCE.
This single purpose of the doctor with respect to the great school of learning of the State of California is to be credited to the appreciation of archaeological exploration, the unstinted liberality and devotion to the University of California on the part of Mrs. Phoebe A. Hearst, under whose patronage, for the past three years, Dr. Reisner and other archaeologists have been delving among the earthly remnants of a race and civilization which had been swallowed up in night of oblivion.

The expense of this great undertaking, during the time specified has been defrayed, with characteristic liberality by Mrs. Hearst and the same liberal hand will be extended for years yet distant, until modern science shall have shed a bright light upon the gloom of antiquity which was deemed well-nigh impenetrable.

OFF AGAIN FOR EGYPT.
Dr. Reisner is on the eve of his departure to resume his archaeological research and the gathering to night will, therefore, be one of congratulation for past success on the doctor's part and God-speed in the work which still lies before him.

It was suggested that Dr. Reisner deliver a resume of his lectures on Egyptology and present, at the same time stereoscopic views of the places excavated and the prehistoric discoveries with which he had gone before him, to the store of those who had gone before him.

The suggestion was a grateful one to Mrs. Hearst. It was, therefore, decided that the doctor should review his work at the home of his patron. The idea of having congenial friends of the doctor's present was next advanced and met with the doctor's approval. Then came the suggestion of a dinner on the part of the hostess and, to this the doctor also readily consented. Then came the invitation and, when the last card had been sent out three score persons had been reached and, it is needless to say, that that number of acceptances followed.

Professors of the University of California and other institutions of learning, friends of Dr. Reisner from Harvard and of Mrs. Hearst were those honored by the invitations and it will

be they who will sit down to this unique feast and symposium tonight.

PLACE OF ASSEMBLY.
The Hacienda is a spacious structure. Its halls are wide, its apartments admirably adapted to the purposes for which they have been designed. But the dining-hall was never intended to accommodate sixty people.

Accordingly, Mrs. Hearst was compelled to seek a more available place in which to entertain her guests. Her choice fell upon the patio of the Hacienda, a spacious court on the western side of the structure. On two sides of this inclosure there are cloisters, backed by low-roofed structures with tiled roofs of the Spanish and Mission style with walls pierced by barred and multi-paned windows. On the west there is an embattlement wall, broken at about the middle part of the area by a double gate bristling with heavy bolts which penetrate to the opposite side. On the eastern side, the boundary is the Hacienda itself, the hospitable doors of which open upon the patio. Within this inclosure, at all seasons of the year, there is a velvety carpet of green, because irrigation is as much prized at the Hacienda as the daily meal or the desire to make men and women better for having lived.

At this season of the year, the grass within the inclosure is rich and luxuriant, while the surrounding walls are mantled with a mass of vines and flowers fragrant and beautiful.

ARTIFICIAL LOVELINESS.
It is in this place that the guests are to be dined this evening and when they reach the spot they will marvel at the loveliness of the scene which will present itself.

The guests will be borne to the scene of the festivity by a special train which will leave San Francisco at 4 o'clock this afternoon. The same train will leave here about forty minutes later. The passengers will reach the Hacienda about dusk and, as they enter the medieval gate, the beauty of the spectacle will impress itself upon them.

DETAILS OF SCENE.
There will be a circular table fifty feet in diameter which has been specially built for this occasion. This, of course, will take up a large part of the inclosure. Outside this, however, will be a circular promenade, a platform on the lawn laid for the event. This has been carpeted with a material the verdure of which will light up beautifully and which in the softness of its touch and the brightness of its hue, can readily be distinguished from the adjacent sward.

AN AZURE CANOPY.
Immediately above this table will be the roof in cloth of azure blue of a marquee, with supporting poles instead of closet canvas sides. The outer rim of this roof or canopy will be co-extensive with the promenade referred to. Last night this covering was lighted up as an experiment, and presented a spectacle which was entrancing when considered by people who are wont to study the heavens by night and, even with the unaided eye, comprehend heights illimitable and suggestive of profoundest thought.

The blue size of the canopy is intended to represent the firmament at night irradiated with the light of myriad stars and the waning rays of the moon. The imitation is perfect, more especially when the simulation of star light is accomplished by means of hundreds of lighted incandescent bulbs with which the interior of the canopy is flecked.

NOVEL EFFECT IN LIGHTING.
The utilization of electric bulbs in mural and thoroughfare illumination at night has become so general that few people who reside in a progressive city are willing to admit that anything new can speedily be devised to arouse their flagging interest.

In this illumination, however, the sceptic will find the novelty he desires. The bulbs used in this instance are not those employed in commercial life. They are much smaller, have half a dozen different shapes and glow with a varied radiance extending from that of a will-o'-the-wisp to that of the brilliancy of a fixed star. In all of them, the idea of great distance is indicated, while the tremulous twinkle of the traditional "little star" is effected by the gentle swaying of the serge in the calm breeze of the night.

HIDDEN SUPPLY OF POWER.
The effectiveness of the picture is increased by the fact that the light burns without visible means of supply, the wiring which conducts the current being on the outside of the marquee, having been skillfully placed there by the electricians employed at the Hacienda, the power house for this purpose there, being equipped with machinery of the most modern style, and sufficient to light a town of the size of Pleasanton.

To add to the illusion, where the artificially-lighted marquee comes, to an end, the line of star-bedecked heavens begins and, in one direction was visible the pale and ineffective fire of the crescent moon which was on the wane.

POSO DE VERONA.
This canopy has as its main support, apparently, a date palm tree 30 feet in height. The tree, however, was only skillfully made for the occasion. The marquee pole rested on a strong wooden frame, which, in turn, rested upon the famous marble fountain Poso de Verona, from which the hacienda has taken its name. This well or fountain is richly carved, lion's faces with finely-sculpted foliated designs covering all parts. It attracted the attention of Mrs. Hearst while in Verona, Italy, and inspired her to purchase it. It was brought to this country and occupies a central place in the patio of the Hacienda. At all hours of the day and night, cooling waters playfully shoot from the tubes and, after describing graceful designs, fall in streams of flashing brilliants to the basin beneath.

When the lights were tested last night, the beauty of the crystal flow was enhanced by the reflection on the water of parti-colored lights which imparted to it all the colors and hues of the rainbow. This reflection came through a trellis of loosely woven vines and flowers which were trained upon the frame which rested upon the well. The marble basin and sides were garlanded with smilax, vines and fragrant roses. A short distance from and surrounding the well, and flashing like a flame in the light was a circle of bright red geranium which was in pleasing contrast with the green near by.

IMITATING NATURE.
In the transformation of the marquee pole, the pole referred to, the art of the horticulturalist was displayed to a remarkable degree. The upright had been wound about by a counterfeit substitute for the bark or trunk of the date-palm, while, at a distance from the top, large, unbragging limbs of date-palms from the Hacienda acres, were fastened with realistic effect.

The date-palm is one of the standard horticultural products of Egypt. It is also indigenous to this country, but bears no fruit. At the Hacienda del Poso de Verona, however, the dates, while not maturing, grow to a fair size, and eventually assume a color which is bright and attractive. Some of these, therefore, found their way into the artificial tree, enhanced its attractiveness and made it look as no mean rival to the mammoth palm which is the marvel of visitors in the Palace Hotel Court. Among the gracefully-bending branches and fronds of the palm were disposed a number of small lighted globes, the purpose of which was simply to relieve the gloom and show in a subdued manner the gracefulfulness of the arching.

THE LOTUS FLOWER.
The interior of the place, however, did not monopolize the decoration. The border of the canopy was festooned with bright white and red lights. At intervals, there was a single large light revealing a beautiful lotus flower in pink or white with its large bell upturned, drinking in the dew of the evening. Between each pole supporting the canopy was hung a string of fire, which was furnished by hundreds of incandescent lights.

EGYPTIAN AWNINGS.
Suspended from the outer rim of the

canopy, at intervals, were ten gorgeously-colored awnings, which Mrs. Hearst had purchased in Egypt. They were in white, red, yellow, blue and green. The greater part of each was worked into involved designs, while below and above were inscriptions in Arabic, generally speaking, verses from Arabic poets. These gave a distinctive Egyptian background to the merry scene. The sentiments they expressed were based upon the power of knowledge, the value of truth and the wisdom of obeying the law in all that was good.

The attention to detail which characterized the featured described was also noticeable with regard to the garniture of the table itself. The inner circle was hung with a soft white cloth festooned with greens and flowers. The upper linen covering was applied with lotus flowers and pink edges.

MINIATURE EGYPTIAN GALLEYS.
At intervals around the circumference were other attractive reminders of Egypt after the fashion of miniature galleys designed in imitation of the ships which figure so much in the rude mural sculpture of the tombs of Egypt's kings, as also upon other monuments and tablets. They were artistic suggestions of the royal galley which has been so inseparably connected with the stirring voluptuous and passionate times of Antony and Caesar. They were about three feet in length, eight inches in width, and of the same height in the middle. They had high prows, curving gunwales, raising gracefully toward the middle and leaping high in air aft. These were filled with rare clusters of sweet flowers, sprays of which hung along the sides as if tinging with the waves as the boat plowed through an imaginary sea.

TABLE SERVICE AND FLOWERS.
The table service was elegant, with no attempt, however, at lavish display, and was set off by the floral clusters referred to and others which stood near each guest.

The menu will not be such an one as would delight bon vivants, because none such, in the effusive sense of the term, will be among Mrs. Hearst's guests. At the same time, the meal will be of the appetizing order, with the flavor of home to make it all the more palatable. The Hacienda has a corps of excellent chefs, who will provide the greater part of the bill with some assistance from Ludwig. There will be only one kind of wine, however, and that will be of a brand to round out a social meal.

EGYPTOLOGY IN CARDS.
The name cards will also be reminiscent of the land of the Pharaohs. They will be printed in the primitive hues used by the Egyptians, blue, green, red, white, yellow. On one corner of each there will be an Egyptian design worked out with an artistic sense which involved thought as well as dexterity with brush and pen.

To each name card of a gentleman, by means of a ribbon, will be attached a ring as a souvenir, fashioned after a circlet which has survived the ages which have passed since the First Dynasty in Egypt, an era so remote as to stagger most people who contemplate it.

THE EYE OF HORUS.
Nor will the ladies be forgotten. Their name cards will have attached to them an ornamental metallic piece, oblong, containing the elongated eyes of Horus, a deity whose achievements are the source of considerable attention in the mythology of Egypt. This eye, too, is the subject of one of the most absorbing tales about this deity, and no doubt the lady guests will lose no time in ascertaining

what the chronicles have to say about the organ.

When Mrs. Hearst was in Egypt she discovered an antiquarian who was a conscientious man and who could, as a consequence, be trusted. The original of the eye is found in pottery in the tombs.

FLAMES FROM 1818.
Still another reminder of the days gone by will be flaming fires, like those of the Temple of Isis. These will be burned around the table and court, four being on each side. The flames will be furnished by a fragrant fluid which will sustain the blaze during the dinner. The fluid will be in deep iron vessels, which will rest on tripods of iron.

SWARTHY MEN IN COSTUME.
For the purpose of still further giving an Oriental color to the feast, the menu will be served by twelve Nubians with swarthy and bronze-colored features, who will be attired after the manner of the servant class of Egypt. These will wear a turban with a fillet of red ribbon, a long gown of either red, yellow or striped material, with a sash around the waist and low-cut shoes of red or yellow.

The invitations to this feast have been hand-painted in Egyptian style on papyrus, and the work has been cleverly done by Miss Charlotte Williams, who also executed the name cards.

MUSIC OF THE FAR EAST.
Between the short speeches which will be rendered, a trained orchestra will render classic music, making use of course of instruments as "Aida," "Lakme" and others which are based on Oriental themes. The orchestra will be screened in on the roof of the billiard room, only a short distance from those at the feast. The music will be rendered under the direction of Yanke, who is returning from Sacramento especially for the purpose.

After the will end at 9 o'clock. The guests will then proceed through the Hacienda along the peristyle to the Music Room. There Dr. Reisner will deliver the resume of his illustrated lectures on Egypt.

A HOME OF IDEALS.
No more inviting place in this or any other State could be selected for such an effort. While known as the Music Room, it is yet the home of art in all its forms. Gems of the painter's brush gaze with half-closed eyes upon the spectator. The half-closed warrior of centuries ago speaks through a tenacious corselet and a silent casque. Carved cherry and ebony and inlaid oaken cabinets tell of gravers whose names are forgotten though their work survives. The harp with riven strings tells of the bard who slung no more. In fact, there is no place to which one may look in which one may not find an idea worthy of his thought.

It is in this treasure house of song, story, chivalry, the muse and science that Dr. Reisner will tonight bid adieu to California.

It is from this place that the guests will return to their homes asking a benison upon the quiet, tireless, unselfish woman who has done so much for their enlightenment and who is loved by every friend of education in the great State of California.

THREE MEN INJURED AT RAILROAD YARDS.
John McLaughlin and F. F. Silver, laborers employed at the West Oakland railroad yards, were caught between two flat cars on Tuesday and badly crushed about the legs and arms.

McLaughlin sustained a severely crushed leg. Silver had one of his arms caught. Both men were removed to the company's hospital in San Francisco.

McLaughlin was badly scalded by escaping steam yesterday afternoon at the round house. A broken pipe permitted a great volume of steam to escape.

Youngman was taken home for treatment.

BUFFALO GIRL HAS A FORTUNE.
The authorities of the city are trying to locate pretty Miss Lulu Garland of Buffalo, for the missing young lady has fallen heir to a large estate that will revert to the State if she is not found. Frank Saunders, an attorney at law of Buffalo, has addressed a communication to the authorities here requesting that they try and locate the young lady. The letter states that she was married and left her home in Buffalo about ten years ago for California. After reaching the State, nothing further was heard from her.

The probate directory fails to reveal such a name, nor does the Health Office records show the death of such a person. She is described as being about 35 years of age, a brunette and very prepossessing.

CHAS ELSEY'S ESTATE IS INCORPORATED.
Articles of incorporation of the Elsey Estate Company were filed today with the County Clerk. The capital stock is fixed at \$150,000, divided into 1,500 shares of \$100 par value each.

The directors are Thomas Turner, Joseph D. Smith, Richard M. Lyman, Robert W. Harrison and John S. Drum.

The object of the incorporation is to handle the estate left by the late capitalist Charles Elsey, which consists principally of land in Alameda county.

There was a bitter contest between the heirs, but the estate was finally divided into two parts. One part, the will courts declaring a trust clause in the will to be invalid. The heirs then asked and received permission to incorporate the estate.

DIMMICK LEAVES FOR SAN FRANCISCO.
Walter N. Dimmick, ex-chief clerk of the Mint, left the County Jail this morning for San Francisco, where he will appear before Judge De Haven of the United States District Court and, through his attorney, George D. Collins, ask to be admitted to bail in a reasonable sum and also demand a speedy trial on the charge of embezzling \$20,000 from the U. S. Mint.

MONSTROUS BARGAINS—A Remnant Scramble—Extraordinary Economizing Opportunity—A complete and thorough sweep out, a veritable house cleaning. Commencing Monday, September 22, and continuing for the entire week.

FOR PARTICULARS SEE SUNDAY'S EXAMINER.

LAST NIGHT OF WATER CARNIVAL.
MONSTER AQUATIC PARADE CLOSING ALAMEDA'S CELEBRATION.

ALAMEDA, Sept. 18.—Last night's crowning event of the Alameda Water Carnival—the marine parade—was undoubtedly the grandest exhibition of its kind ever given in California. A number of visiting naval officers declared it was the finest affair of its kind they had ever witnessed.

Alameda was crowded to its greatest capacity. Chairman Delaney of the Carnival Committee, declares that there were 45,000 people on the streets last night.

The parade came up to the expectations of those in charge and exceeded the wildest conjectures of the spectators. At nine o'clock, amid the sparkling of thousands of lights of every color, reflecting twice and thrice in the waters of the Canal, the parade moved in review between the Alameda shore and yachts anchored in the center of the Canal. As the first boats passed through the Park street draw there arose from the great crowd that packed both sides of the canal to the water's edge, a mighty roar. Thousands of people stood open-mouthed, staring at the wonderful picture.

A string of brilliantly decorated water crafts stretched out for a distance of more than a mile and moved slowly into the Canal.

Every conceivable light effect was represented on the water. The gorgeous decorations represented weeks of hard labor and preparation. The following prizes were awarded the best decorated craft: Yachts—First prize, compass, "The second prize, marine glasses, Hope.

Launches—First prize, brass cannon, Victor; second prize, ship lamps, Imp.

Small boats—First prize, marine glasses, Royal Art; second prize, plated fishing rod, Queen Tote First. The Major Smith received honorable mention.

The committee on awarding of prizes consisted of: P. Nielson chairman; Charles H. Smith, Dr. W. Scott, Commodore R. S. Bridgeman, H. Rosenthal, Mrs. E. E. Leland, and Mrs. Robert C. Leland.

The carnival, although not a money-making scheme, was a financial success. There will be enough money to pay all expenses and possibly there will be some left over. Nearly \$300,000 money was received from the concessions along the canal, while the contribution amounted to nearly \$200,000.

The citizens of Alameda are greatly elated over the success of the city's initial efforts at a water carnival, and on every side are words of praise for those who

what the chronicles have to say about the organ.

When Mrs. Hearst was in Egypt she discovered an antiquarian who was a conscientious man and who could, as a consequence, be trusted. The original of the eye is found in pottery in the tombs.

The flames will be furnished by a fragrant fluid which will sustain the blaze during the dinner. The fluid will be in deep iron vessels, which will rest on tripods of iron.

SWARTHY MEN IN COSTUME.
For the purpose of still further giving an Oriental color to the feast, the menu will be served by twelve Nubians with swarthy and bronze-colored features, who will be attired after the manner of the servant class of Egypt. These will wear a turban with a fillet of red ribbon, a long gown of either red, yellow or striped material, with a sash around the waist and low-cut shoes of red or yellow.

The invitations to this feast have been hand-painted in Egyptian style on papyrus, and the work has been cleverly done by Miss Charlotte Williams, who also executed the name cards.

MUSIC OF THE FAR EAST.
Between the short speeches which will be rendered, a trained orchestra will render classic music, making use of course of instruments as "Aida," "Lakme" and others which are based on Oriental themes. The orchestra will be screened in on the roof of the billiard room, only a short distance from those at the feast. The music will be rendered under the direction of Yanke, who is returning from Sacramento especially for the purpose.

After the will end at 9 o'clock. The guests will then proceed through the Hacienda along the peristyle to the Music Room. There Dr. Reisner will deliver the resume of his illustrated lectures on Egypt.

A HOME OF IDEALS.
No more inviting place in this or any other State could be selected for such an effort. While known as the Music Room, it is yet the home of art in all its forms. Gems of the painter's brush gaze with half-closed eyes upon the spectator. The half-closed warrior of centuries ago speaks through a tenacious corselet and a silent casque. Carved cherry and ebony and inlaid oaken cabinets tell of gravers whose names are forgotten though their work survives. The harp with riven strings tells of the bard who slung no more. In fact, there is no place to which one may look in which one may not find an idea worthy of his thought.

It is in this treasure house of song, story, chivalry, the muse and science that Dr. Reisner will tonight bid adieu to California.

It is from this place that the guests will return to their homes asking a benison upon the quiet, tireless, unselfish woman who has done so much for their enlightenment and who is loved by every friend of education in the great State of California.

THREE MEN INJURED AT RAILROAD YARDS.
John McLaughlin and F. F. Silver, laborers employed at the West Oakland railroad yards, were caught between two flat cars on Tuesday and badly crushed about the legs and arms.

McLaughlin sustained a severely crushed leg. Silver had one of his arms caught. Both men were removed to the company's hospital in San Francisco.

McLaughlin was badly scalded by escaping steam yesterday afternoon at the round house. A broken pipe permitted a great volume of steam to escape.

Youngman was taken home for treatment.

BUFFALO GIRL HAS A FORTUNE.
The authorities of the city are trying to locate pretty Miss Lulu Garland of Buffalo, for the missing young lady has fallen heir to a large estate that will revert to the State if she is not found. Frank Saunders, an attorney at law of Buffalo, has addressed a communication to the authorities here requesting that they try and locate the young lady. The letter states that she was married and left her home in Buffalo about ten years ago for California. After reaching the State, nothing further was heard from her.

The probate directory fails to reveal such a name, nor does the Health Office records show the death of such a person. She is described as being about 35 years of age, a brunette and very prepossessing.

CHAS ELSEY'S ESTATE IS INCORPORATED.
Articles of incorporation of the Elsey Estate Company were filed today with the County Clerk. The capital stock is fixed at \$150,000, divided into 1,500 shares of \$100 par value each.

The directors are Thomas Turner, Joseph D. Smith, Richard M. Lyman, Robert W. Harrison and John S. Drum.

The object of the incorporation is to handle the estate left by the late capitalist Charles Elsey, which consists principally of land in Alameda county.

There was a bitter contest between the heirs, but the estate was finally divided into two parts. One part, the will courts declaring a trust clause in the will to be invalid. The heirs then asked and received permission to incorporate the estate.

DIMMICK LEAVES FOR SAN FRANCISCO.
Walter N. Dimmick, ex-chief clerk of the Mint, left the County Jail this morning for San Francisco, where he will appear before Judge De Haven of the United States District Court and, through his attorney, George D. Collins, ask to be admitted to bail in a reasonable sum and also demand a speedy trial on the charge of embezzling \$20,000 from the U. S. Mint.

what the chronicles have to say about the organ.

When Mrs. Hearst was in Egypt she discovered an antiquarian who was a conscientious man and who could, as a consequence, be trusted. The original of the eye is found in pottery in the tombs.

FLAMES FROM 1818.
Still another reminder of the days gone by will be flaming fires, like those of the Temple of Isis. These will be burned around the table and court, four being on each side. The flames will be furnished by a fragrant fluid which will sustain the blaze during the dinner. The fluid will be in deep iron vessels, which
